We took a little jaunt into Mexico last week over a road we've heard about but never taken. We started out on Highway 94 which incidentally has been improved tremendously, entered Mexico at Tecate and then east over the New Mexican border to Mexicali. Good road all paved. Nice trip. We hope Mexico can build more of these roads. The tourist business would amaze them once travel is opened up into their beautiful country.

—ML—  
We wonder when we read of juvenile delinquency often being found in teenagers from good homes—just who is making the comment and what he means by a "good home." We doubt if any home can be called a "good home" if it turns out a juvenile delinquent.

—ML—  
We thought that perhaps the craze for horsepower had passed, but we hear of a new model coming out with 250 h.p. How long will it be before the infernal things take off?

Speaking of spectacles, how about the coming smog bowl game between "US No C" and "U Can't C L A"?

—ML—

A tourist stopped at a rural market and bought a pound of rare old pungent cheese. As the proprietor was wrapping his purchase the customer sniffed apprehensively and asked, "What think that cheese will keep all right until I get home tomorrow night?" "Mister," said the proprietor, "there ain't nothin' more ever goin' to happen to that cheese!"

## LETTERS TO THE EDITOR

Dear Editor:

As usual Frank Armstrong does a lot of evasive babbling and says exactly nothing, he must have nightmares, always worrying about ghost writers, or one of his neighbors going in to raise pigs, which would probably be more profitable for Frank himself than his hallucinations of being a big city wheel.

It's not quite clear whether he wants to be City Attorney or clean-up man the way he mumbles about pictures of piles of trash.

Frank, how gullible do you think people are? Such pictures have always been used for propaganda to bring out the least important things to cover up the major issues.

The people here are happy as we live in a good wholesome neighborhood with good schools and I repeat, very little crime.

Mr. Armstrong, if the wool could be pulled over the people's eyes and we were incorporated, and wound up with a city council that we know no more about than the would be's that are howling so loud, then Frank, we would have crime, and corruption, card games, pin-ball machines, and all other vice that would bring a sporting crowd, a traffic we can well do without. We could perhaps wind up the Skid Row of the county.

That is just a thought, Frank, pointing out that there are many things to be considered before taking a step that many a small surrounding community has taken and is very sorry now.

Mr. Armstrong, you, and your small job seeking group, should quit trying to ride this DEAD HORSE.

Also, Mr. Armstrong, I can't agree with the Reverend that the decent people of Lemon Grove are all behind incorporation. That alone is an inference that those who do not agree with him are not decent people, and as for Sharpies that you say I have associated with, that is true, I have! But I was never one of them.

That is why I recognize them from their schemes.

I am getting some facts of a more serious nature in regard to incorporation versus annexation or Status Quo. The Editor permitting, they will all be in my next letter with some good questions for you to answer, Mr. Armstrong.

## Progress Report of Advisory School Committee to Be Given School Board

At the mid-month meeting of the Lemon Grove School District Board of Trustees meeting next Monday evening, 7:30, Education Center, special time has been allotted for the presentation of materials and methods followed in special classes of the junior high school. Mrs. John Cornelius will discuss the art crafts classes, Mrs. Allen Hughes will show the work being done in the home-making classes, and Albert Van Zanten will discuss the boys' shop.

There will be consideration of the letting of bids for the junior high additions. These include five regular classrooms and two art rooms. The present art room is scheduled to become the second science classroom.

A progress report from the Citizens Advisory Committee which has been studying possible sites for a new elementary school for the district is expected. Increased building in Lemon Grove will make a new school necessary in the near future.

Parents and other interested citizens of Lemon Grove are invited to attend this and other meetings of the board.

## PARKING EXPERT TO ADDRESS MEN'S CLUB

Kay Kalicka, member of the firm of Gordon and Witnall, the firm which is working out La Mesa's parking problems so that a parking district may be formed, will be guest speaker Friday at the Lemon Grove Men's Club. Planning Commissioner of the city of El Cajon. They will discuss Lemon Grove parking problems.

Arrangements for the visit were handled by Doc Lake, reporter for the S. D. Union. Program chairman is Bill Parsons.

The meeting will be held at Michael's at noon Friday.

Dear Editor:

"While I hope to have a chance to thank personally those who worked in my behalf during the recent campaign, until that time will you please accept this expression of my sincere appreciation. I am grateful indeed for your interest and help, and I hope my efforts will continue to merit your approval.

"To all voters I renew my pledge of earnest, hard-working sincere representation at the State level. I am humbly grateful for the trust you have given me and for the opportunity to continue serving our county in Sacramento."

Sincerely,  
FRED H. KRAFT

Dear Editor:

Senator Thomas Kuchel wanted me to express his appreciation and thanks for your newspaper's assistance in making his October 23 tour of San Diego and vicinity a very successful one.

Let me also add my personal appreciation.

Cordially,  
HERBERT KUNZEL  
San Diego County  
Campaign Chairman

Dear Editor:

Before the election passes completely from mind, we would like to take this opportunity to express the appreciation of the shipping industry to the newspapers of California for the overwhelming support accorded Proposition 5 both in news columns and on editorial pages.

An issue of the nature involved in Proposition 5 necessarily requires clear explanation if the voters are to approve it. The newspapers of California provided that explanation in outstanding fashion, as the voters' approval of the proposition 5 has demonstrated.

Sincerely,  
STATE COMMITTEE FOR  
PROPOSITION 5  
Hugh Gallagher, Chairman

Dear Editor:

In writing an article one should be sure you know the facts. I am referring to your article on trailers.

In regards to trailers, many are elderly folks and retired folks so have no children. Those that do have children and living here in trailers are service men and are not here by choice.

I do feel, if these men give their services to their country,

### SCOTT TALK TO INCLUDE RESULTS OF S. F. TRIP

Only cancellations remain for the Thanksgiving week speech of George A. Scott, scheduled for Friday, November 26 at noon.

These cancellations are due to a change of date to permit Scott to keep a San Francisco engagement with one of the west coast's biggest merchandising firms, the latter of which will have considerable bearing on the makeup of the proposed Scott Walker shopping center on College Avenue.

The multi-million dollar development is scheduled to house between 30 and 50 retail outlets. Work presumably will start late next year.

Although many local residents without business connections have made reservations, Scott's talk will be of primary interest to those who are in the active many of whom are in business shopping area will shift toward Massachusetts, once the center begins to operate.

Centers in Lakewood and National City are being observed to see what the ultimate effects may be.

This meeting will be open to the public at large and is one of the few instances where women will be permitted. Reservations are being taken at Michael's, the Review, or through Judge Luther Hussey, vice chairman of the Men's Club, which is sponsoring the talk.

### MURRAY HILLS LAND TO BE IMPROVED

Five acres of the hillside at the top of Costa Bella Road, on Murray Hill, overlooking Lemon Grove from the north, will be sold for quality home sites, it was announced this week by Marjorie Howell, owner of the property.

A new county road is scheduled to cut across the south end of the property, it was revealed. Bill Parsons is agent in charge.

you as well as all the folks of California should be happy to see their children get an education.

Also trailer owners pay a nice sum for their trailer and I am sure many have been purchased in California. When they pay the state and city tax most of the trailers cost from \$3000 to \$5000.

Then they pay for rent which is a very small portion of ground and the owner of the court pays tax on that piece of ground and also for all the water used.

Did you ever think of how many more people there are that rent and own nothing but their personal belongings?

Also a trailer buys a license each year and it is plenty high.

There are many, many more folks who rent and have children and they send their children to school, use water and the libraries.

As for hospitals, I think we all must pay there, regardless of where you live.

One beauty of living in a trailer, they are on wheels and can be moved at a minute's notice.

Also Florida and Texas Valley have nice winters. On the average I bet every trailer spends better than \$150 a month on San Diego. Would be quite a loss to San Diego if they moved out.

Trailer factories and trailer markets all pay tax. Just a few facts for you to think about.

As it is, it costs more to live in San Diego, so don't squawk too much about trailers.

Sincerely,  
DOROTHY KALWAY

Dear Editor:

We wish to take this means of thanking the Lemon Grove Fire Department for their prompt action in putting out the fire in our shop Thursday, November 11.

More schools, both elementary and high, are in the immediate future of Lemon Grove residents, it was revealed in separate announcements, by school authorities last week.

Although the elementary school will be without double sessions for the first time in recent history, more multiple sessions are anticipated in the fall when population and enrollments increase, according to Sam K. Solleder, assistant superintendent of the Lemon Grove School System.

"The Citizens Advisory Committee was asked to consider new sites at this week's meeting," he indicated that land for elementary school requirements was about ten acres.

Solleder stated that the Golden Avenue School would eventually be used to handle the overflow of the Junior High School, and start promptly at 7:30. Robert Gaudin and Forrest Baxter, co-chairmen, officiate.

Hearings on withdrawals from the proposed area to be voted on will start November 30 at the Board of Supervisors. Election date will depend on length of time these hearings take.

A separate announcement in the Grossmont United High School District through Lewis H. Smith, district supervisor, was that a High School for the Lemon Grove-Spring Valley area would be needed in 1957 instead of 1959 as previously announced.

A site was chosen early this year on Sweetwater Road for this purpose by a Citizens Advisory Committee group.

## RANGER HAL TO BE IN GROVE SATURDAY

Ranger Hal, local tv personality whose program is seen nightly over channel 6 will be at Mayfair Market Saturday 2 to 5 p.m.

Tickets which have been given away for the week will be drawn for a dozen different major prizes for kiddies.

Ranger Hal badges, photos and passes for the Mission Beach amusement center rides will also be given. Ranger Hal is presently conducting a "name the dog" contest for Alber's cereals, according to Larry Childress, Mayfair manager.

Mayfair will be Ranger Hal's only personal appearance stop.

### BULLETIN!

A 40 acre shopping center at Federal and Euclid will be developed by a syndicate of 10 businessmen it was announced Wednesday morning by Curtis Coleman through Charles Kerch, local representative.

About 35 retail outlets would be required to make the market complete, Kerch said.

17 acres were acquired from A. L. Hart and 23 from Leo Demer. Negotiations covered more than 3 years Kerch said.

### MARGARET WEBSTER TO GIVE SHAKESPEARE READINGS

Sunday at 8:30 p.m., in The Old Globe Theatre, the celebrated actress and director Margaret Webster will appear in an evening of Readings from Shakespeare. A varied selection of songs and sonnets, comedy scenes and lyric speeches, this program has been performed by Miss Webster before the Library of Congress.

Daughter of the late Ben Webster and Dame May Whitty (who will be remembered as an evening of the stars of an early La Jolla Playhouse season), Margaret Webster is regarded as the outstanding Shakespearean director in the American professional theatre.

Under her direction, Maurice Evans became a star overnight in "Richard III" and Helen Hayes played her first Shakespeare role in "Twelfth Night." She directed the memorable "Othello" that featured Paul Robeson and Jose Ferrer. In addition to her directing career and her many acting roles, Miss Webster has written a successful book, "Shakespeare without Tears."

### WOMEN ARCHITECTS TO BE SPEAKERS' TOPIC

Arthur Jessop and Herbert Field will speak to the Women's Architectural League at their meeting 12:30 Wednesday at the University Club. Field, who will represent the San Diego Chapter, American Institute of Architects, will speak on "Women in Architecture." The works of Lillian Rice, architect, who designed many homes in the vicinity of Rancho Santa Fe, La Jolla, and San Diego will be included in his discussion.

## INCORPORATION GROUP SETS MORE MEETING DATES

Sources of income for parks and recreational facilities were discussed Tuesday at the regular bi-weekly educational meeting of the Organizations United for Incorporation.

Also into the ken of O. U. for I. consideration came schools, welfare, police department and possible income for them.

It was the third of a series of five scheduled meetings at the

## The Dimmer VIEW

by Max Goodwin

When the otherwise placid and unperturbable gentleman who sets type for this newspaper came into the shop on a Saturday morning recently, just like it was a regular work day, he helped prove a point about women that I had long wanted to develop, but feared, until now, to put into words.

This point being simply that women can't take it like we of the sterner sex.

"What," queried I "are you doing here on your off day?" This question was a leading one because I was looking for a similar question in return, which would have given me a chance to roll into a good, old fashioned capitalist editorial about the boss, besides putting up the money, also puts in more hours than even the hardest working slave in this black-ink-and-misspelled-word-factory.

"I want to hang around till my wife cools down," quoth he. "When I told her I wasn't going to do the breakfast dishes this morning it tripped her trigger. Boy, was she mad! She thinks that the little housework she does is as hard as my job. She says that four children make it a man's size job. Why the newest one is only a month old and hardly any trouble at all."

"How long do you think it'll take for her to cool off?" he repeated for me, of all people, to answer.

I told him it would be a cyclic affair. She'd first cool about the dishes. I opined, then she'd bust loose again when she realized that he had leaked out for the morning. Figuring about two hours per spam, my guess was that it would be about mid-afternoon before the clouds rolled by.

During his visit we had a chance to discuss the imagined hardship of the distaff side. We agreed that the normal function of baby having, was far overrated. If men were to bear the young, we agreed, it would miss two days at the shop; one for labor, and one for production.

As a comparison, man goes through the rigors of shaving daily, and I have yet to hear of a man taking a day off for this painful and inescapable chore.

This printer, a sterling character, who works hard 40 hours a week, who, because he wanted to stretch out and rest a little on one of his days off, is instead harassed by a houseful of children, and most humiliating of all, is in danger of being put to the rack of a dirty dishpan.

I serve up as backing for my argument an account of one Wank Sankary, as smart a chank ever to hold a license as a practicing attorney. What I admire most is that she fought her way through a tough election to win the nod as Assemblywoman from the East San Diego district and

she was elected. This good, hardworking gal didn't let anticipated childbirth interfere with her election. She got out and worked, while some of the wives I happen to know, would have been sacked out, even, probably, demanding watermelon out of

## MOST STORES TO START HOLIDAY NIGHT SHOPPING DECEMBER 10

By OLIVER TURNBULL

Lemon Grove stores, for the most part, will start staying open in the evening beginning Friday, December 10.

Some of them, the ten cent type variety stores, will beat the gun and start staying open until 9 p.m. on December 3. North Park stores are reported to start a week ahead of this but local businessmen feel that best service can be given by resolving the "open" period to the actual shopping season. They say that tired-out clerks could not properly serve if they were required to work extended hours for a full month.

A page listing all the stores which will be open till 9 o'clock starting December 10 will be published next week in the Review.

A Chamber of Commerce committee for business area decorations was named earlier this month. Their plans have not crystallized, according to Ted Skelley, chairman.

## FREE ICE CREAM THIS SATURDAY FOR GROVE KIDS

It was a dry run for youngsters who rattled the door of the Real Ice Cream Company's new shop at 3435 Imperial, last Saturday.

A story in the Review told about free ice cream cones for all comers this Saturday, November 20, but youngsters having the imagination they have, in addition to extremely active little taste buds, turned up a week early.

Manager Bob Campbell, of the ice cream firm, said that free ice cream cones will be dispensed on Saturday as advertised, between the hours of 10 a.m. and noon. He said that all 20 of the flavors he manufactures will be given.

...Mambo on ice

Swirls riotously in gay, picturesque costumes, with all the dash and verve of Spanish temperament transferred to rhythmic dances on skates, Margaret Field and Jimmy Lawrence bring the breath-taking Espana Mambo production, in all new Ice Cycles of 1955, to San Diego. Glacier Garden now through November 23 with performances nightly except Sunday plus matinees on Sunday at 1:30 and 5:30.

Hailed as one of the most ambitious productions in the long line of successful Ice Cycles spectaculars, Espana Mambo traces the nuances of the traditional dances of Old Spain from early days down to the romantic off-days tempo of modern "mambo."

Billy Livingston, costume designer, created two distinct costumes for the Ice Cycles in Espana Mambo. Both costumes were designed with the Latin temperament uppermost in mind. And certain it is that the brilliantly sequined creations bring to the frozen stage all of the rhythm and romance of the Spanish dances.

Surprisingly light for all of its 65 yards of material, the full length costume contains more than 30,000 sequins. There are 10 different colors of sequins that are embroidered on each garment that fuse one into the other as a most beautiful rainbow.

And this is but one of ten outstanding productions and 20 starring acts.

## MOTHER GOOSE PARADE TO BE SUNDAY AT 3 P.M.

Most parade-conscious residents will join nearly 400,000 other county residents Sunday afternoon for the Mother Goose Parade.

The parade, comprised of 50 floats, will begin at 2 o'clock and several Lemon Grove marching units will be in it.

To better handle traffic, the parade will travel from west to east and will be televised.

## The Dixon LINE

By Friend Dixon

The Dixon Line, which is edited by Stephen Westover, is taking a vacation. This popular column may be resumed after the first of the year.

## SOME SORT OF A LINE

By JACK WOOLSEY

In this column we hope to give you a few smiles, now and then a chuckle, and occasionally a hearty laugh. Here you may find something old, something new, a little sense and a lot of nonsense. Some come in out of the strain and enjoy a little punshine, and if you read aloud you can let the children get in your hear.

Statistics show that cheerful people have more resistance to disease than melancholy ones. In other words, the surly bird catches the germ.

A second story man is not necessarily one who has another ready if his wife doesn't believe the first.

When a husband misses his usual bus and is late getting home, he catches it.

The best way for a man to get his wife to take long walks for her complexion is to move farther from a drug store.

Driving a car with one hand has caused many a man to run into a church.

A new columnist is being added to the Review this week. Jack Woolsey, a well known San Diegoan, whose writings have appeared regularly in a Southern California weekly magazine, is to be editor of the new column which he calls Some Sort of a Line. Woolsey, as you will soon note, is succinct, whimsical, and completely amusing. His stuff is tailored for family consumption and all members, from the least to the most, will enjoy many pleasant columns with him.

In addition to local reproduction, Woolsey has been picked up by Reader's Digest, its latest appearance being in 1953.

When a man gets a dirty look from his wife, it's time to apply some soft soap.

Some people get married and live happily ever after.

Lipstick can be made kiss-proof by flavoring with a liberal amount of garlic.

Every year girls seem to come forward with a lot of bride ideas.

Marriage spoils a man's freedom, believe it or not.

If you want to play a musical instrument that will not disturb your neighbors, you can't beat a drum.

An alarm clock is all right if you like that sort of ting.

All the dummies on television do not sit on the knees of Edgar Bergen and Paul Winchell.

All that one needs to be a professional wrestler is brute force.

Those most careful not to put on extra weight are women and butchers.

Some fashion designers say that next year's skirts will be shorter. Women who object have their reasons—but they're usually slim ones.

Prosperity is when you can make installment payments on four things instead of two.

Scientists claim that the age of a human being can be determined with an error of less than four years by examining a single tooth. And that's the tooth, the whole tooth, and nothing but the tooth.

When things look blurred you need stronger glasses or weaker drinks.

A man's height is not always the same. He is slightly taller in the morning than in the evening. Many get married and settle down. And nearly all are short just before pay day.

Then there was the fellow who got slapped when he went into a store and asked the kitchenware clerk for a little oven.

A man was seen leaving Balboa Park with a black eye. He was probably struck by the beauty of the place.

The parade, comprised of 50 floats, will begin at 2 o'clock and several Lemon Grove marching units will be in it.

To better handle traffic, the parade will travel from west to east and will be televised.

## LETTERS TO THE EDITOR

Continued from Page 1

weak or fallen arches are responsible for most foot aches and pains.

The foot is a delicate mechanism. Its 26 bones are held together by muscles and ligaments in the form of arches. This gives the foot its springiness and enables it to perform efficiently the mammoth task of carrying our body around.

Any disturbance of this arch structure leads to excessive strain on certain muscles and ligaments. This is what makes the feet hurt when the arch weakens.

In many cases these pains can be relieved by wearing properly fitted shoes. But in a good many cases, additional pads or cushions may be needed to arrive at more

correct weight balance. Shoes, correctly fitted and when necessary, properly cushioned take over the function of the weakened arch and relieve the strain on muscles and ligaments.

I am a firm believer in foot check-ups, especially for growing children. Arch weakness in the early stages usually responds well to the temporary wearing of correctly fitted, and properly cushioned shoes.

If neglected it may become progressively worse and cause a great deal of foot suffering.

I have a Pedograph (foot analysis machine) at the store and I offer my services at no charge any day except Fridays and Saturdays.

## Heartland Players To Feature Fun In Next Play

"Take Your Medicine," or "Orchids and Onions" seem like the best bet, in the minds of the Heartland Players of Lemon Grove, to be the next major 3-act production. It won't be 3-D or cinemascope, but some fine actors doing marvelous acting on an original set will be seen. After the choice is made and all the technicalities ironed out, selection of a cast and rehearsals will roll into full swing in the early part of '55.

Emily Jordan, board member, bought a book for the theater group that has to do with 21 short skits, plays, etc. The assembly passed a motion to accept this book and it will more than likely be put into use in the very near future.

Various opinions were heard on the subject of using Helix High School as the stage for the plays. Since the Helix Little Theater is in the middle of the Heartland area, and the seating,

## MUSIC PARENTS INVITE MORE PARTICIPATION

The Music Parents Club held its November meeting in the Music Room at Lemon Grove Junior High.

The musical selections for the evening were two violin solos by Ethel Boucher, eighth grade student. She was accompanied at the piano by her teacher, Miss Ann Babcock.

It was reported that the White Elephant booth at the Halloween carnival was very successful. Thanks was expressed to all who participated in this activity, and also to all those who contributed articles.

In line with its object to promote the welfare of the music department at Lemon Grove School and to raise funds necessary to further this object, plans were discussed for a pancake supper to be held in the near future—date and place to be announced later.

It is sincerely hoped that all parents of "struggling" young musicians will become more actively interested in the Music Parents Club and support their endeavors to help these young musicians to participate in musical programs at the school, or in the various parades throughout the year. It is through such participation and competition that these youngsters obtain confidence in their own ability and they are both pleased and proud to know that "Mom" and "Dad" are helping to make this participation possible.

The next meeting will be held in the Music Room of the Lemon Grove Junior High on the 6th of December at 7:30 p.m.

stage, lighting, acoustics, etc., are tops, the reasons are obvious as to why. Nothing is definite yet, but a committee of three is looking into the prospects.

This coming Wednesday, Bill Baxter, president, is having a board meeting to decide on the play. Following the decision, action will take place on the production.

A social meeting is being planned for the middle of December. A chicken dinner, with all the trimmings to boot, will be the extent of the excellent kitchen efforts of Barbara Arbuckle, chief supplier of refreshments for the group. More about that later!

## Stop Zoning Variances Asks Incorporation Group

Variances have not been granted in Lemon Grove with the same abandon as in the past.

One of the reasons is due to activity of a civic minded group proposing incorporation.

Some of the mechanics behind these denials are illustrated by the self explanatory letter reproduced herewith, a copy of which was filed with the Review: Planning Commission

Attention: Willis Miller

The proponents of incorporation in Lemon Grove have formed an association for the purpose of incorporating Lemon Grove, and the membership of this association consists of five or more members from the majority of the service clubs, Chamber of Commerce, Business Women's League, School Board, churches, and other civic groups in Lemon Grove.

We have noticed that several petitions have been filed with your commission for the purpose of reclassification of certain land located in Lemon Grove, from residential to business, within the past few months, and particularly since petitions were first circulated in Lemon Grove several months ago for the purpose of incorporating the area as a Sixth Class city.

Apparently most of the applications for reclassification of zoning seem to affect areas adjacent to the Freeway to be built through Lemon Grove, and particularly adjacent to either Federal Boulevard or College Avenue.

I have been requested by the above-mentioned association, Organizations United for the Incorporation of Lemon Grove, of which I am a member, to write this letter to you and object to the granting of petitions for the reclassification of zoning of areas in Lemon Grove from residential to business until it is determined by an election to be held in Lemon Grove, probably during January, 1955, as to whether or not we will be successful in incorporating.

If we are successful in incorporating the area of Lemon Grove then, of course, we would have a Planning Commission appointed by the City Council, who would probably make a complete survey of all of Lemon Grove for the purpose of determining the best zoning classification for each area.

We do not wish to have your Commission think that we are making an unreasonable or arbitrary request and, of course, realize that probably there might be an urgency to some petitions. I believe, however, that most of the applications will be for reclassification without the intention of immediate use or occupancy by any sort of business.

Very truly yours,  
FRANK ARMSTRONG

Dirk Cornell Pinter, the grandson of Dr. and Mrs. W. Grenville Riddell, 10181 Del Rio Road, Spring Valley, was baptized at St. Philip's Episcopal Church recently. His sponsors were Beverly Anne Riddell of Pasadena and Bill Gurley, USN. The child is the son of Mr. and Mrs. Elmer

## YWCA WORLD FESTIVAL PROGRAM ANNOUNCED

Exotic foods, strolling musicians and a Christmas chorus will set the mood for the YWCA's big, colorful World Festival December 3 and 4 in the San Diego Y building, 1012 C Street. Festivities will begin each day at 5 p.m. and continue until 10.

There will be countless attractions for men, women and children—with everything from kiddie rides and fortune telling to swim and dance shows. The Y's famous Sidewalk Cafe will feature food booths with authentic dishes of China, Finland, Japan, Denmark, Greece, Mexico, Yugoslavia, France, Philippine Islands, Sweden, Norway, Poland, Scotland and Israel. Vendors will wear the costumes of their native lands as they sell their mouth-watering delights.

On the entertainment side, a swim show will be offered three times nightly; 100 swimmers, in costume, will participate in original water show routines. Fireworks and a candle light parade are but a part of the exciting show.

## Joseph Pinter.

Also baptized at the same service was Chantale Lynn White, daughter of Mr. and Mrs. Joseph O. White, 6881 Central Ave., Lemon Grove. The child's father is a member of the Lemon Grove Fire Department. Witnesses were Elaine M. Greene, Lemon Grove and Gayle Studer, San Diego.

Christmas Seal  
Drive Opens

Nineteen fifty four Christmas Seal drive opened this week with most local families receiving personal envelopes of the colorful anti-tuberculosis seals in their mailboxes this weekend.

The more than six tons of mail were taken to local post offices yesterday and today for immediate delivery to San Diego County residents, according to Mrs. Carl R. Anderson, general chairman for the drive.

"Tuberculosis strikes one American every five minutes," Mrs. Anderson said. "Christmas Seals offer every resident an opportunity to strike back at the disease that is the nation's number one killer among contagious diseases." She pointed out that, in San

Diego County last year, tuberculosis killed more persons than all other contagious diseases combined—including polio.

However, since the first seals were sold in the United States 50 years ago, more than six million lives have been saved. New drugs and surgery techniques, many of them developed through Christmas Seal research programs, are keeping more victims alive today than ever before.

Mrs. Anderson said that the San Diego County Tuberculosis and Health Association, sponsor of the traditional sale, makes no

## Civil Defense

By CHARLES GURLEY

We of Civil Defense can take a careful look at the little country of Switzerland which with one of the smallest standing armies, has its civilians so thoroughly prepared and alerted that it has never been attacked or invaded and probably never will

personal solicitation. The seals, sold on a voluntary basis, provide the sole means of support for the association's year-round program of medical research, rehabilitation, case finding, education, and demonstrations.

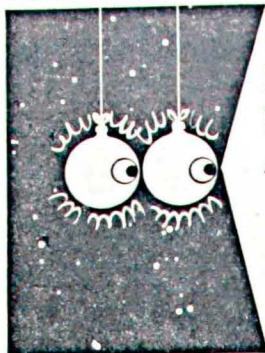

be, was the observation of Captain "Skip" Heidick, chief of staff of the Lemon Grove unit, at last Wednesday's meeting.

"We must greatly admire that little country that has been so well prepared they have been able to remain neutral in the two big wars that have engaged her closest neighbors," said Captain Heidick, "because her civilians are so well trained they seem to almost automatically understand just what is expected of them, and the outside world seems to know just how tough they might be."

"Probably we in this country can never hope to match Switzer-

land in the rank she has attained, but at least we can envy her her security and possibly profit by her example. We of Civil Defense still have numerous opportunities to train ourselves and become better prepared to meet emergencies which may come at any time in either war or peace," said Capt. Heidick.

Those in attendance included Mrs. George Barrow, Mrs. R. W. Hanes, Mrs. M. J. Rewicz, Mrs. M. W. Borlin and daughter, Capt. Heidick, Harry Robinson Jr., Dr. T. A. Crow, A. T. Watson, Stephen Bolshazy, Roy E. Nielsen, David E. Carter, Leo G. Heaton, and this writer.

# Seasonal Or Special-- It's CHEAPER at MAYFAIR

Martin and Bette Frazee and their kiddies, a navy family, who live at 3736 Suffolk Dr., head for the Mayfair Bakery on each shopping trip. "We're lovers of the Swedish bakery products," they said. "Our two boys, Jimmy 2 and Johnny 4, can be counted on to demand something from the bake shop."

"That's not the only reason we shop at Mayfair," Mrs. Frazee said. "It isn't tiring to shop when you don't have to look for things, and we save time because we know we won't have to go to two or three markets to fill our shopping list."

Mrs. Charles Bain, 3144 Vista, wife of a retired naval officer, shows her delight with a Mayfair turkey as Gene Moon, manager of the Mayfair meat department, proudly displays a superlative Thanksgiving bird.

"I like the handiness in shopping at Mayfair," Mrs. Bain said. "The variety is so great that shopping here is fun. That's particularly true of the meat department," she added. "Count on me for a vote for Mayfair every time."

Complete flexibility is a feature of Mayfair.

Local management, with an eye on local conditions,

is assurance that local market advantages will be exploited.

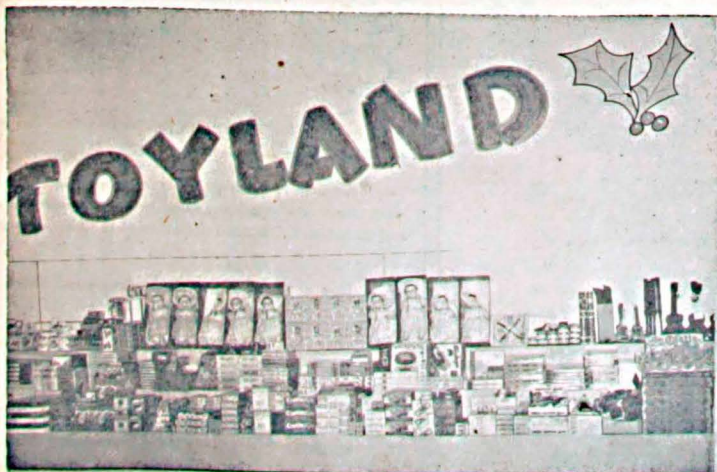

-- what's more, this flexibility permits tying in

the market's products with seasonable needs. It

sounds a bit complex but it means you get the kinds

of groceries you want, when you need them, and at

the lowest prices possible.

Thrifty shoppers are finding it easy to acquire presents for the kiddies with the innovation of Santa's own department in your Lemon Grove Mayfair Market.

Savings gained from Mayfair's lower prices make it painless to purchase a toy now and then. It adds up to a happier Christmas Day for the family because the packages around the tree can be more plentiful without additional cost.

## Impressive Ceremony For Installation of Rev. Jones

About 200 persons attended the Installation Service Sunday for the Rev. Elmer Lloyd Jones D.D., at Trinity Presbyterian Church. Several members of the Los Angeles Presbytery took part, and it was a most impressive ceremony. It was followed by a very lovely reception for Dr. Jones, his wife, and their two children, Barbara, a senior at Occidental, and Clarke, a student at La Mesa Jr. High.

Trinity Church received 17 persons into their Fellowship last Sunday morning, and baptized five babies. We plan to make the reception of members, and the sacrament of baptism a part of the service the first Sunday of each month.

## LETTERS TO THE EDITOR

Mr. Editor: May I take this opportunity to thank you for your fine support during the United Success campaign. Your cooperation, I am sure, made the campaign as successful as it was.

We reached roughly 60 per cent of our goal. Our big loss was in the door to door canvass. Although we reached more people the size of the gifts was appreciably smaller than last year.

The contributions were roughly as follows by division:

Pace Setter	\$ 100.00
Small Business	720.00
School Personnel	640.00
Commerce and Industry (2 firms)	11.00
Door to door	2340.00

TOTAL \$3811.00  
Over two hundred people participated in the campaign in Lemon Grove and they deserve the thanks and appreciation of the entire community.

Thanks again for your continued support.

Sincerely,  
Robert E. Sutton

Lemon Grove United Success Drive

## President to Set 'Safe Driving' Day

December 15 will be designated as "Safe Driving Day" by President Eisenhower, Fred H. Rohr, San Diego County Traffic Safety Council president, announced. The president will call upon motorists and pedestrians throughout the country to demonstrate

that the nation can be free of traffic fatalities on that day, Rohr said.

Cooperating in the promotion of "Safe-Driving Day" with the president's traffic safety action committee will be safety councils, insurance companies, petroleum companies, transportation companies and community organizations throughout the nation. December 15 will be preceded by a month-long intensive public education program in various phases of traffic safety.

In San Diego County the "Safe-Driving Day" campaign will be spearheaded by the San Diego County Traffic Safety Council. Proclamations will be issued by the San Diego County Board of Supervisors, the City of San Diego and the mayors of other San Diego County cities asking schools, law enforcement bodies, clubs, organizations, business and industry, the military, press, radio and television, and individual citizens to lend their efforts to the safe driving cause.

## THE WAY I SEE IT

(Third in a Series)

So far in this series we've discussed how an unethical used car loudmouth tries to swindle his prospective buyers and sometimes why he fools the sleepy-eyed public!

This issue I'd like to talk about the facts you should know about buying a used car!

As you well know a "used car" is a car that has been sold, registered and used on the highways.

### Congregational Missionary Society Sets Meeting Date

The Missionary Society of the Lemon Grove Congregational Church will hold their regular meeting Thursday, Nov. 18, at 2 p.m. in Friendship Hall.

They have secured Mrs. H. H. Shuts of La Mesa as a special speaker, and are inviting all the ladies of the community to attend this most interesting meeting.

Mr. and Mrs. Shuts lived for many years in India and studied their culture, religion, and wisdom, so she is very well qualified to handle this subject. She will have costumes to show every one and you will be much better informed about this interesting country if you can attend.

### GIRL SCOUTS VISIT BOOK BINDERS

Mrs. S. Moe, co-leader, and Mrs. R. Davy, committee member, took Girl Scout Troop 863 to Ross and Ross Book Bindery Oct. 25. The girls enjoyed their visit and are looking forward to their visit to the library soon to finish their Book Binding Badge.

### Manufacturer Opens Toy and Sports Goods Shop

Erv Brandon, who has built Palo Verde Fishing Rods for the past eight years in Lemon Grove, is opening a sport goods and toy shop at 7388 Broadway, near Massachusetts.

The shop will be open Friday but a gala grand opening to be announced later. It is the first time the manufacturer has entered the retail field.

The name of the firm will be Erv Brandon's Sporting Goods and Toyland.

### ST. JOHN'S BROWNIES VISIT JOHNNY DOWNS

Brownies of St. John's of the Cross, Lemon Grove Troop 376, were on TV on Johnny Downs' Show on the night of November 4.

He was the first to be presented with two boxes of Christmas candy given by the troop. The candy was packed by S. S. Candy Company of La Mesa, which the troop and all other Brownies, and Girls Scouts of the neighborhood of Lemon Grove troops will be selling starting on Nov. 18.

The troop had a wonderful time during the program when they had popcorn served by his daughter, and afterwards, when they were given cokes, and had a chance to chat with Johnny Downs.

### Date Changed on Grossmont Concert

Frances Yeend, lyric soprano who will be presented by Grossmont Community Concert Association this season, will appear on Monday, February 21, instead of on January 10 as previously announced.

Miss Yeend is scheduled to fly to Spain on January 10 to fill an engagement there. Recently she traveled half around the world when flown to South Africa with London's full Covent Garden Opera Company to star in twelve performances of "La Boheme."

Other forthcoming concerts in the Grossmont series are: The Corelli String Ensemble from Rome, Italy, on November 30, and the Philharmonic Piano Quartet on March 22.

### Series of Talent Shows Set for Grove Theatre

About \$100 in prizes will be the goal of contestants in a series of weekly amateur contests and talent shows to be held every Sunday at the Grove Theatre starting at the beginning of next month.

Smokey Rogers, TV favorite, will m.c. the show and his Valley Music Store will sponsor the events.

The shows will be presented directly after the first Grove feature picture on Sunday. Contestants may sign up for auditions any afternoon or evening, said Walter Long, one of the operators of the theatre.

will meet at the home of Mrs. Albert E. Yale, 8410 Porter Hill Terrace, La Mesa, at 7:45, Tuesday.

Mrs. F. H. Lawson will be co-hostess with Mrs. Yale.

A faster Christmas postal service is slated

### Temporary P. O. To Open for Xmas Mailing

Anticipating the largest volume of Christmas mail ever handled by the Lemon Grove post office, plans have been completed for handling all classes with a minimum of delay.

A post office annex will be established at 3482 Main St., opposite the Review, where parcels may be mailed and stamps purchased from December 6 to 18. Patrons are urged to use this convenient location during this period.

In order not to disappoint

friends and relatives by late deliveries of Christmas mail, it is suggested that parcels addressed for delivery east of the Mississippi River be mailed by December 11, Central States by December 15 and the far Western States not later than December 18. Parcels mailed after these dates should be sent special delivery, and those going to other than nearby states mailed after December 19 should be sent by air mail to insure delivery before Christmas.

Christmas cards mailed as first class or air mail will be forwarded when necessary and returned to the sender when they cannot be delivered. Letters and cards smaller than 2 1/4 inches by 4 inches must be mailed with 3¢ postage.

For the convenience of those who are unable to mail during week days, the post office will remain open until 7:30 p.m. week days from December 1 to December 22, Saturdays, 4th, 11th and 18th until 6 p.m. and Sundays 5th, 12th and 19th from 9 a.m. to 3 p.m.

To avoid waiting in line during rush periods, it is suggested that stamps for Christmas letters and cards be purchased before November 30.

Every effort will be made to deliver all parcels by December 25, even those received on Christmas Day.

# Throwin' The Bull

By Bob Turnbull

It's a Joke, Son! . . . The only time a girl listens faster than a man can talk is when he's proposing.

Truthful Gossip. . . Margie Schlieff is Helix's Hi-Debber council representative for 1954-55. . . Helix's songleaders (Sue Bledsoe, Phyllis Ehlers, Naomi Goynne and Dale McLagen) really knock the ole eyeballs out in their

new costumes of green velvet trimmed with brilliant plaid silk. The cheerleaders (Pat Adams, Carrie Boyd, Glen Crosbie and Gary Eigan) wear kelly green and silver grey corduroy costumes. The girls wear green pedal pushers and jackets while the fellows sport grey slacks and shirts. The huff n' puff octet are wearing white bucks, with the cheerleaders presently prancing around in Bermuda shorts. . . The latest fad in threads in San Diego high schools is white buckskin shoes, white duck trousers and either a pullover sweater or sport shirt. . . Ex-Helix student members of the AS social committee at State College are June Edwards and Pat Henry. . . I received an interesting and un-

usual letter last week from a person who wanted me to throw a bouquet to a friend of hers because she thought she deserved it! The letter was from a B. Smith who wants me to say "well done" to Mary Ann Homan, a '52 graduate. . . The latest in parties is a "come-as-your-secret-ambition" party. . . Bernie Svalstad is a State College SIG frat pledge treasurer. . . Valerie Vestal, a '53 Helix alumna, is currently on tour with the Ice Cycles of '55. . . Lavell E. Lamoreaux, a Lemon Grove lad, is aboard a Far Eastern destroyer in Uncle Sam's floating war machine. . . Helix High's faculty and staff bopped the 100 per cent mark in their United Success Drive campaign. . . Don't forget: Don Howard, KSDO DeeJay, is m. c. at the big jam session from 3 to 8, every Sunday afternoon at Club Royal, 1070 Third Street in downtown Diego.

Sport Flash. . . Was surprised over San Diego High's victory over the Hoover Cardinals. . . Although it was inevi-

table that the C. V. Spartans would rock the Foothillers, I truthfully didn't expect that much scoring for either team. . . Congrats to Helix's varsity mountain 'n valley trotters who squelched St. Augustine 15-44. . . Only two lettermen are returning on Helix's varsity quintet. . . Chula Vista is truly a city of champions. Five C. V. football stars are on JC's first string football squad. . . Carlos Packrell and Bill Thew are Helix's representatives to the S. D. J. C. 11. . . Stan Davies, '54 Helix graduate, has earned a first string berth on the Pomona-Clearmont Sagehen frosh football team this season. Stan is a guard. . . Following the crucial Helix-Sweetwater game, Henry Bonilla was named "Back of the Week." This makes twice that Bonilla has earned the recently mentioned honor. Helix quarterback, Tom Welbaum, earned consideration for BOW for completing five of nine passes for 86 yards and two TDs in the Sweetie game. . . This Saturday night JC plays Los Angeles Harbor up there at 97, I mean at 2 p.m. . . This is it! The game of the year! Helix vs. Grossmont at the Helix Stadium on Friday night starting at 8 p.m. The traditional feud-buster is a stake in this ever important game that will decide second place in the Metro league. Let's all watch the battle royal and heartily yell for our home-

## !THE SHOW'S THE THING!

"The Human Jungle," now screening at the GROVE Theatre, is a dramatic big city police story that bristles with action and suspense and races along at a breakneck pace which leaves the viewer limp at the climax. The story is checked full of realistic dialog, ironic humor, and the setting is the tough section of an unidentified big city. Everything imaginable happens in the film. A strip-tease dancer is murdered, rookie policemen revolt against their captain, an innocent bystander gets shot, etc. It is a "Dragnet" type movie that raises and races to an exciting climax. The picture stars Gary Merrill and Jan Sterling and will play up to and including Saturday. The companion feature is a two-bit western titled "Lone Gun" and stars George Montgomery and Dorothy Malone. The full-length film for Saturday's matinee is the exciting "Story of Rob-

town lads. . . Ramona High School won its first Southern Prep football championship since it started the game 17 years ago. . . Last week Grossmont High's varsity harriers downed Helix 17-44 to make their victory streak stretchout to 10 consecutive wins. GUS's JV team also beat Helix, 15-50.

Quips. . . Give us westerners at least another year and then Bermuda shorts will be optional. . . The last time I observed the flag Helix was flying it was tattered and torn. I hope it is replace, post haste. . . My sincere thanks to parents that help chaperone Helix's dances!

## Jehovah Witnesses To Hold Convention Near El Centro

For the third time during the year the La Mesa-Lemon Grove-Spring Valley Congregation of Jehovah's Witnesses will attend a convention, Nov. 19-21. California Circuit One, the latest convention group, which includes 20 congregations generally south of Long Beach, has chosen the Imperial County Fairgrounds, near El Centro, for their three-day session. Previously they met at Costa Mesa in May, and at the San Diego County Fairgrounds, in July for the District Assembly which drew 15,000 persons. Conventioneers expect a varied program at the Circuit Assembly, which is held semi-annually to give Bible instruction and im-

in Hood." Sunday, Monday and Tuesday will see "Rose Marie" and "Combat Squad" at the GROVE. "Rose Marie" is a cinemascope musical in technicolor that stars Ann Blyth, Howard Keel and Fernando Lamas. It is an excellent movie. "Combat Squad," obviously enough, is a war picture that stars John Ireland and Lon McCallister. It has to do with the memorable Sniper Ridge!

Hollywood Glances: Loretta Young is Marilyn Monroe's landlady. Marilyn is living in one of Loretta's beautiful new apartments. . . Bob Hope does six TV shows this season. . . Joe DiMaggio says "Marilyn started it and she can finish it." . . James Mason intends to quit acting and start directing. . . The picture "Rio Colorado" is being filmed against the background of the Grand Canyon! B. T.

prove preaching organization, Mr. E. A. Finn, the presiding minister of the local congregation, announced today. Emphasis, he surmised, would be laid on presenting Bible themes having fulfillment in modern history. Discourses, demonstrations, songs with an all-Witness orchestra customarily add diversification. Some one hundred will go from Lemon Grove.

## HOW TO CARE FOR YOUR CAR

Frequent washing of your car is the best treatment you can give it. Once or twice a week is not too often. That will keep it clean and shiny whether you keep it in a garage or not. But what about polishing? Auto and paint men say that two or three times a year is often enough to polish any car. Plenty of washing is what really counts.—CHANGING TIMES.

I'll bet Mrs. Sankary doesn't  
hold up an assembly bill just be-

the new baby needs diapering, or  
the formula needs mixing. This  
little lady, as I view her, is not  
of the cloth of our weak little  
wives. I can see her demanding  
passage of a complex assembly  
bill on corporate holdings, or  
trust deeds, while she nurses her  
baby from a bottle.

Say... I'll have to eat some of  
these words if she retrogresses to  
the ways of her gender, and  
doesn't have the new one weaned  
by January when she takes of-  
fice.

**CHARLES GURLEY**  
Public Information Chairman  
HO 6-3745

The regular November meeting  
of the Lemon Grove branch of  
the Red Cross was held Monday  
morning in the Woman's Club  
house, Mrs. G. R. Roberts, chair-  
man presiding. Minutes of the  
October meeting were read by  
Secretary Mrs. Charles F. Taylor  
who also gave the treasurer's re-  
port in the absence of Mrs. A. J.  
Huebsch.

Mrs. R. L. Castiglia gave the  
report of the work of her produc-  
tion committee which also was  
the recipient of a number of fa-  
vorable comments on the unus-  
ual beauty of the work they turn  
out. Mrs. Castiglia also mentioned  
her group's need of one or two  
more sewing machines and any-  
one knowing about ones avail-  
able, please take notice.

Arthur Garret of the San Diego  
branch gave an interesting report  
on features of safety service work  
in which he is engaged and vol-  
unteered his assistance in helping  
our local branch in a number of  
its different activities. Mrs. Hazel  
Schilke, also of the San Diego  
branch and among her other nu-  
merous duties is a sort of a liaison  
contact with the Lemon Grove  
and National City branches. She  
will likewise be a great amount  
of assistance to us in months  
ahead.

In addition to those above  
named were Mrs. Randolph  
Morse, Mrs. Benton Norris, Mrs.  
Henderson, Mrs. H. H. Hender-  
son, Miss Marie M. Massey, Miss  
Charlotte Nicholson, Mrs. Seeley,  
Mrs. Vincenthaler, Mrs. Under-  
wood.

The report made by Mrs. Ran-  
dolph Morse at last week's meet-  
ing of the Lemon Grove branch  
of the Red Cross was of such  
special interest to the readers of  
the Review it was purposely held  
over for this issue. Mrs. Morse is  
chairman of the committee which  
assembles various articles and  
takes them to the Naval Hospital  
where they are in heavy demand  
by the patients, many of them  
bedridden.

"We can use in endless num-  
bers such things as playing cards,  
aluminum pie plates, tiny bot-  
tles, small scissors, artist paint  
brushes and so forth. All these  
things may be left in the book  
receptacle at the local library,"  
said Mrs. Morse. "Please be sure  
that playing cards contain the  
full 52 cards, and as for the tiny  
bottles, the size in which penicil-  
lin comes is ideal but almost any  
tiny size will do. They are used  
in issuing points to the patients  
and larger portions are wasteful.  
The aluminum pie plates wanted  
are the kind in which chicken  
and beef pies are sold, and also

**LEMON GROVE DENTIST**  
**AT S. F. CONVENTION**

Dr. T. W. Lillie, Lemon Grove  
dentist, was one of nearly a thou-  
sand alumni of the College of

physicians and Surgeons who at-  
tended the 56th annual meeting  
this week in San Francisco.

During this two day meeting  
various phases of "Occlusion" was  
discussed, which dentists say is  
one of the most important ele-  
ments in the science of dentistry,  
and a leading cause of oral and  
facial pains, malfunction and loss  
of teeth.

"A fanatic," says attorney

Frank Armstrong, "is somebody  
who is highly enthusiastic about  
a matter you are not even re-  
motely interested in."
